

Pupil premium strategy statement 2023-24

'Life in all its fullness' (John 10:10)

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Our pupil premium strategy is underpinned by our Vision and Values, to ensure that each and every child achieves to the best of their ability and is provided with a rich curriculum and wide range of opportunities, in turn enabling all pupils and adults to flourish.

Our pupil premium strategy is underpinned by our Christian Vision and Values, to ensure that each and every child achieves to the best of their ability and is provided with a rich curriculum and wide range of opportunities, in turn enabling all pupils and adults to flourish.

School Overview

Detail	Data
School name	St Gabriel's CE Primary
Number of pupils in school	217
Proportion (%) of pupil premium eligible pupils	43.78% (95) 37.79 (82) - Compulsory School age
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended) 2022-2026	2023-2024
Date this statement was published	October 2023
Date on which it will be reviewed	October 2024
Statement authorised by	Local Academy Councillors
Pupil premium lead	Miss Bushell
Governor / Trustee lead	Kath Mcevitt

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year £1455 per child	£117,855

Recovery premium funding allocation this academic year £145 per child	£11890
Pupil premium for children who are looked after £2530 per child	£2530
Service children funding allocation this academic year £335 per child	N/A
Total budget for this academic year	£132,275

Part A: Pupil premium strategy plan

Statement of intent

At St Gabriel's CE Primary School we believe firmly that our vision 'Each and Every Child achieves their full potential' sits at the heart of our Pupil Premium and Recovery Fund spending.

When writing our statement we have used the following guidance:

<https://educationendowmentfoundation.org.uk/guidance-for-teachers/using-pupil-premium>

Our strategy is based on the key principles that evidence suggests that pupil premium spending is most effective when schools use a tiered approach, targeting spending across 3 areas, with a particular focus on teaching.

1. Teaching

Investing in high-quality teaching, for example:

- training and professional development for teachers
- recruitment and retention
- support for teachers early in their careers

2. Targeted academic support

Additional support for some pupils focussed on their specific needs, for example:

- one-to-one tuition
- small group tuition
- speech and language therapy

3. Wider approaches

Support for non-academic issues that impact success in school, such as attendance, behaviour and social and emotional challenges. For example:

- school breakfast clubs
- counselling to support emotional health and wellbeing
- help with the cost of educational trips or visits

Our main objectives are to ensure that:

- early identification of need is robust
- high-quality teaching and learning is the most important factor in ensuring each and every child achieves
- the progress of disadvantaged pupils has a high profile in school

Strategies - The following strategies we use are:

- **Identifying Need** Staff will assess the progress of PP pupils regularly. Pupils will also be consulted and asked how they feel they are progressing and if there are any areas in which they feel need additional support.

- **Identifying barriers to Learning** We recognise that pupils can experience many barriers to their learning and that these barriers can be long term or of a more short term nature. We believe that it is vital that these barriers are identified and addressed in order for pupils to achieve their maximum potential.

Challenges

This table details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<ul style="list-style-type: none"> ● Our attendance data over the last 3 years indicates that attendance among disadvantaged pupils has been between 2.8% lower than for non-disadvantaged pupils. ● 73.9% of disadvantaged pupils have been 'persistently absent' compared to their peers during that period. Our assessments and observations indicate that absenteeism is negatively impacting disadvantaged pupils' progress.
2	<ul style="list-style-type: none"> ● Our assessments (including wellbeing survey), observations and discussions with pupils and families have identified social and emotional issues for many pupils and their families, notably due to cost of living and a lack of enrichment opportunities. These challenges particularly affect disadvantaged pupils, including their attainment. ● Staff, parent and pupil self referrals for pastoral support remain high. 56 pupils (43 of whom are disadvantaged) currently require additional support with social and emotional needs, with many receiving small group and 1:1 interventions.
3	<ul style="list-style-type: none"> ● Assessments, observations, and discussions with pupils indicate underdeveloped oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Nursery through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers.
4	<ul style="list-style-type: none"> ● Assessments, observations, and discussions with pupils suggest disadvantaged pupils generally have greater difficulties with phonics than their peers. This negatively impacts their development as readers.
5	<ul style="list-style-type: none"> ● Internal and external assessments indicate that reading, writing and maths attainment among disadvantaged pupils is below that of non-disadvantaged pupils. ● On entry to Reception class in the last 3 years, between the majority of our disadvantaged pupils arrive below age-related expectations compared to that of other pupils. This gap remains steady to the end of KS2.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved outcomes in early reading and phonics	% PP children at ARE will be at least 80% or above
Increase in overall attainment in Reading	% PP children at ARE will be at least 70% or above
Increase in overall attainment in Writing	% PP children at ARE will be at least 70% or above
Increase in overall attainment in Maths	% PP children at ARE will be at least 70% or above
Increase in overall attainment of RWM (combined measure)	To be inline with national
Emotional well-being and behaviour support of pupils and families	Children demonstrate increasing resilience Children settle quickly into school / lessons and disruptions are a rarity Reduction in incidents for those children who are receiving 1-1 emotional well-being intervention
Increased rates of attendance and punctuality	Overall attendance in line with NA (NA currently 96%) Gap between disadvantaged and others does not widen (currently approx. 4%) PA for all pupils remains broadly in line with NA and gap between disadvantaged and others continues to fall - currently .
Increased confidence and opportunity to develop Oracy and Spoken Language skills.	Children will have had more opportunities to develop Oracy and Spoken Language skills through the curriculum and other enrichment opportunities.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £75,372

Activity	Evidence that supports this approach	Challenge number(s) addressed
Further develop use of Steplab/Leadership Matters / EFF EYs coaching programme (coaching) to ensure that quality first teaching is excellent. Coaching will become an integral part	The EEF toolkit outlines that feedback adds 6 months progress. Metacognitive strategies 7 months and an increase in attainment.	3,4,5

<p>of professional development. The use of quality feedback will improve pupils' attainment. Teachers will be clear on their own next steps and pupils' progress will be monitored continuously. Teachers will have time to review and monitor their practice, developing quality first teaching for all. Teachers will have adequate release time to provide or be provided with high quality feedback.</p>		
<p>Develop subject leadership so that the curriculum meets the needs of all learners and subject knowledge develops, meaning that children receive high quality first teaching. We will release subject leaders to support class teachers with subject knowledge and pedagogy. Subject leaders and SENCO will attend planning and development for their subjects. Subject leaders, alongside leaders will continuously evaluate the impact of their subject on disadvantaged pupils.</p>	<p>Curriculum knowledge will mean teaching is strong. Subject leaders will know about the impact on disadvantaged pupils through clear monitoring.</p>	<p>3,4,5</p>
<p>Through using a DfE approved Phonics Scheme RWI, leaders and teachers will continue to prioritise early reading teaching so that all children leave KS1 as competent readers.</p>	<p>Phonics approaches have a strong evidence base that indicates a positive impact on the accuracy of word reading (though not necessarily comprehension), particularly for disadvantaged pupils: Phonics Toolkit Strand Education Endowment Foundation EEF</p>	<p>4</p>

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £36,425

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Wellcomm - The Wellcomm Intervention is a programme for children in Early Years. The programme involves a trained teaching assistant providing short small-group and individual teaching sessions.</p>	<p>Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show</p>	<p>3</p>

	positive impacts on attainment: Oral language interventions EEF (educationendowmentfoundation.org.uk)	
RWI 1:1 (fast-track tutoring) Children who are behind age related expectations will have targeted reading interventions to improve Reading ability. The progress will be monitored during each session.	The average impact of reading comprehension strategies is an additional six months' progress over the course of a year. Successful reading comprehension approaches allow activities to be carefully tailored to pupils' reading capabilities, and involve activities and texts that provide an effective, but not overwhelming, challenge.	3,4
School Led Tuition - disadvantaged children to receive tuition in R/W/M to raise attainment and close missed gaps. delivered by teacher or support staff. Children will have clearly identified targets.	The EEF toolkit states that this can add 5 months progress. That focused feedback will improve attainment.	2,3,4,5,6

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost:£20,478

Activity	Evidence that supports this approach	Challenge number(s) addressed
Attendance officers will be employed to ensure that children are in school and that PAs are supported, through the support, support, challenge model, attendance is tracked and children are in school everyday. Working with the LA attendance officers to improve attendance.	Research shows that children need to be in everyday to achieve, this will also support with emotional wellbeing.	1,2
FESO- Family Engagement Support Officers will work with families to improve wellbeing and increase parental engagement. They will support emotional wellbeing, meetings, workshops and ensure that parents have the support they need to help their children.	The EEF toolkit shows that Parental engagement has a positive impact on average of 4 months' additional progress. It is crucial to consider how to engage with all parents to avoid widening attainment gaps.	1,2,3
CWSO- child wellbeing support officers will work with children in a targeted way through Evolve	Social emotional wellbeing support increases children's	1,2,3,4,5

intervention and other targeted interventions to improve emotional wellbeing so children are able to learn and achieve.	attainment due to being ready to learn.	
---	---	--

Total budgeted cost: £132,275

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Attendance remains a significant focus for staff right across school in certain year groups there was pockets of improvements where PA reduced but this improvement was not sustained

The percentage of disadvantaged children receiving GLD improved.

Children passing the Phonics Screening Check improved significantly and was above national average.

Teaching has improved across school due to the introduction of Powerful Action Steps, this is evident in pupil voice and books.

The work of the FESO and CWSO is having a positive impact on families and children, targeted interventions have shown impact and parent workshops and nurture groups have been positively received.

See data <https://stgabrielshuyton.net/school-performance/>

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Steplab	PAS
Leadership Matters	Leadership Matters
RWI Development Programme	RWInc
